

# AMR ABOUZAID

HR BUSINESS PARTNER | HR DIGITAL TRANSFORMATION | HR Projects

London, E14 | 07467 263821 | Amr.Abouzied@gmail.com | linkedin.com/in/amrabouzaid

## EXECUTIVE PROFILE

**HR Business Partner with 14+ years of experience** across automotive, telecommunications, industrial, e-commerce and government sectors. Broad leadership experience covering workforce planning, organizational design, talent acquisition, organizational development, learning and development, employee relations, compensation and benefits, HR operations, and executive workforce reporting. **Combines strategic HR leadership with hands-on delivery of AI, automation and digital transformation initiatives**, including enterprise ATS implementation, an employee intranet, performance management self-service, an AI-supported salary calculator, digital learning solutions, e-archiving and process automation. Trusted partner to senior leadership, translating workforce data into practical business recommendations while improving the employee experience and operational efficiency.

## CORE EXPERTISE

| HR Business Partnering         | HR Digital Transformation           | AI & Automation in HR           |
|--------------------------------|-------------------------------------|---------------------------------|
| Workforce Planning & Budgeting | Organizational Design & Development | People & Workforce Analytics    |
| Talent Acquisition & ATS       | Learning & Development              | Employee Experience & Lifecycle |

## HIGHLIGHTS

- Led the implementation of an Applicant Tracking System (ATS) to strengthen recruitment workflow and talent pipeline.
- Served as Project Owner for the Employee Intranet, improving employee communication, engagement and access to information.
- Established an automated performance management employee self-service solution to reduce manual administration.
- Spearheaded the development of an AI-supported salary calculator to assist day-to-day offer preparation and compensation calculations.
- Automated payroll and personnel processes and created an electronic archive database.
- Initiated AI Amal Learning Hub and gamification, and pioneered automation of IT ticketing to support performance measurement and employee experience.
- Use Power BI, HR metrics and workforce analytics to provide leadership with clearer insights for planning and decision-making.

## PROFESSIONAL EXPERIENCE

### HR Business Partner | Ezz El-Arab Automotive Group

July 2024 – Present

- Partner with senior leaders to strengthen leadership capability, management effectiveness and alignment between people priorities and business plans.
- Lead workforce planning, HR budgeting and organizational design to optimize talent investment and resource allocation.
- Oversee Talent Acquisition, Organizational Development, Learning & Development, Employee Relations, Compensation & Benefits and HR Operations.
- Provide executive leadership with workforce analytics, HR metrics and strategic recommendations to support decision-making and growth.
- Initiated and led enterprise ATS implementation and serve as Project Owner for the Employee Intranet.
- Champion practical AI and automation initiatives, including an AI-supported salary calculator and digital workflows designed to simplify HR service delivery.
- Lead Employee Value Proposition initiatives across onboarding, engagement and internal communications to strengthen employee experience and employer brand.
- Ensure compliance with labor regulations, corporate governance requirements and HR best practice.

### HR Manager | Bazzarry

April 2024 – July 2024

- Designed and managed performance appraisal systems and updated HR policies in line with organizational goals and labor regulations.
- Collaborated with top management to align HR strategy with business objectives and improve employee satisfaction and retention.
- Used HR data to track key metrics, identify trends and inform decision-making.

## **HR Supervisor | Bazzarry**

*June 2023 – April 2024*

- Partnered with business leaders on organizational design, HR budgeting and workforce planning.
- Worked with stakeholders to establish company vision, mission and values, and supported managers in setting and monitoring employee OKRs.
- Automated payroll and personnel procedures and created an electronic archive database.
- Developed employee handbooks, HR policies, disciplinary regulations and a structured new-hire orientation program.
- Oversaw recruitment quality, including competency-based interviewing, and investigated sensitive employee relations matters.

## **Learning & Development Supervisor | Ezz El-Arab Automotive Group**

*December 2022 – June 2023*

- Worked with line managers to align employee objectives with corporate strategy.
- Created and implemented the annual training plan, employee engagement initiatives, an internship program and a measurable onboarding plan.

## **Senior Learning & Development Specialist | Al-Amal Al-Sharif for Plastic Pipes and Fittings**

*June 2021 – December 2022*

- Designed learning paths and employee development plans by job category to support organizational capability.
- Supported succession planning, performance management, internship, onboarding and HR policy development.
- Conducted job evaluation and job description projects, and initiated Al Amal Learning Hub and gamification.

## **HR Supervisor | General Authority for Investment and Free Zones**

*January 2020 – February 2021*

- Monitored organizational objectives through key metrics, root-cause analysis and action planning.
- Partnered with business leaders and HR teams to align HR programs with organizational strategy and culture.
- Advised managers on organizational performance and development barriers and created a competency framework.

## **Senior HR Specialist | General Authority for Investment and Free Zones**

*February 2018 – December 2019*

- Created policies, a competency framework, KPIs, objectives and an HR manual aligned with the new organizational structure.
- Designed learning and team-building programs based on individual and organizational capability needs.
- Partnered with hiring managers on recruitment, transfers and job rotation by assessing requirements and organizational gaps.

## **HR Training & Development Senior Specialist | TE-Data (WE Group)**

*July 2016 – January 2018*

- Built training and development plans aligned with strategic objectives and improved policies, evaluation and reporting.
- Established an orientation program that helped reduce turnover by 80%.
- Created job descriptions for key customer-related roles with hiring managers to keep training needs accurate and current.

## **HR Training & Development Specialist | TE-Data (WE Group)**

*January 2015 – June 2016*

- Conducted training needs analysis and designed and delivered learning solutions to improve on-the-job performance.
- Increased training engagement and trainee participation by more than 95%, supporting departments with over 1,000 employees.
- Coordinated training schedules, delivery and administration.

## **Logistics Specialist | TE-Data (WE Group)**

*September 2013 – December 2014*

- Supported supply chain optimization projects, reviewed operational data and coordinated execution of daily production plans across departments and branches.

## **HR & Administration Specialist | Online Marketing Professionals**

*August 2011 – November 2012*

- Prepared employment contracts and new-hire guides, produced HR metrics reports and reviewed attendance and deductions.
